## traditions of the south

Uncover many elements of the diverse culture and heritage of Southern Serbia, such as a blend of mentality, hospitality, habits, and nature. Authentic cuisine leaves memorable experiences throughout Europe and the world.

A woman in traditional red and blue clothing is seen from the back, carrying a large pack on a mountain trail. The background features rugged, rocky mountain peaks under a cloudy sky. The text 'We are all ORIGINAL' is overlaid on the left side of the image.

# We are all **ORIGINAL**

Because now, more than ever, the world needs sustainable travel.

The desire to understand and learn something new, changing stereotypes into values that push boundaries. Including warnings that we are not in the office and to say goodbye to everyday routines, to have fun.

To be original on some means, try a dish that you can't pronounce or learn folk dance, weaving, making pottery. It is also climbing a mountain, searching for waterfalls, or a close encounter with animals on a farm. For others, it's packing for a solo adventure, getting out of that bubble of fame, and making new friends on the go.

Whether you travel for years or have never left the city, we want to take you to those sensational moments, to satisfy that curiosity, to be original.

Whether you plan to organize incentive trips or team building for employees, a corporate event, conference, or convention, our all-inclusive packages and creative programs will surprise all employees and business partners.

# Why CHOOSE NIS CITY

## THE ULTIMATE ITINERARIES

We know that business travel is a part of life, so we are committed to making it memorable. Our itineraries achieve the perfect balance between planned and spontaneous, with a focus on experiences that are only possible when traveling with local guides. You want perfect event organization, freedom, and flexibility as the most important things - that's why we create programs that provide you with it all.

## LEGENDARY LOCAL LEADERS

Get ready to walk down the main street and enter the heart of the destination originally. Traveling with our expert local guides will allow you to focus on the details and story of the site. Experience a real adventurous or inspiring journey with unusual details that you might not notice. Guided by a local who wants to bring you to his world, to the kingdom of southern Serbia, that will activate all five senses in you (sight, smell, taste, hearing, and touch).

# 03

## MORE DESTINATIONS MORE WAYS TO TRAVEL

We organize unique thematic trips of different styles and visit all the hidden localities of southern and eastern Serbia. And we do all this with attention to detail and a passion for real-life experiences. Our destination management experts are constantly searching the localities for sights and experiences so you can discover your new favorite place or explore centuries-old the cultural heritage of southern Serbia.

## SMALLER GROUPS

Our groups are a perfect size - only ten passengers on average - to make you feel like you are exploring a destination independently, but big enough to create an authentic social atmosphere. Whether adventures or a visit to a local farm, enjoying a wine tasting in the wineries of southern Serbia, or a traditional restaurant and the cafe, at the end of a full day, our small group opens up opportunities that larger groups can only dream.

## TRAVEL FOR GOOD

# 05

Responsible community tourism is good for both travelers and locals. That is why we work with local organizations to develop community-empowering projects. Our CSR programs include intangible cultural heritage activities. Heritage can stay unforgettable only if it is passed from generation to generation, if it is presented, and if it has a commercial character.

# HOW WE *Travel*

Surprising moments turn into stories that you will retell for years.

Real-life experiences that you will find off the beaten track, whether you are in the hustle and bustle of the city center, a quiet village near Niš, or the mountainous area of southern and eastern Serbia. These experiences are authentic and completely unforgettable.

Tami Residence Hotel, Niš

## LOCAL CONNECTIONS

By sharing laughter, stories, and adventures with local people, you will learn about different ways of life. More importantly, you will find a common language. We believe that you will learn more by sharing a meal in a small community or staying in an authentic mountain village, which fights for community preservation, indigenous crafts, and nature, than just visiting places of mass tourism.

Inspirational talk with the village priest

## AUTHENTIC FOOD

We know that food while traveling is more than fuel, and our trips include meals that activate all five senses and give you the authenticity of local flavors. Imagine traditional southern food and Serbian brandy - rakia in a rural household or the authentic ambiance of an ethno restaurant with local music. Wine tasting of autochthonous Serbian grape varieties in the vineyards known since Roman times will make your adventure unforgettable.

Authentic food of South Serbia

## STAY REAL

We believe that the place where you lay your head can be just as impressive as what you see during the day. No matter where you'll stay, we always choose accommodation run by the locals. Whether you are staying in a luxury hotel or a rural household. The experience is fantastic, and you will remember it forever.

## ICONIC AND THE UNEXPECTED

Of course, the first time you visit famous monuments or imperial palaces from the Roman era is fascinating, as well as finding yourself in the middle of waterfalls, mountainous expanses of untouched nature, or laughing with the locals in the village. Our trips combine cultural heritage and unexpected events to give you a true insight into local life.

Canyoning, Vučjanka River

## GET AROUND, GO DEEPER

Wherever possible, we do things locally - including transportation. Care of the environment is a great way to fit into another culture. From tractors, donkeys, horses, boats, by walk, treading across streams, passing through caves, descending rocks, canyoning to paragliders, we always choose ways to take you to places that take you deeper and farther than you expected.

# SEE SOUTH SERBIA

*Your way*

No matter what kind of adventure you are looking for, our themed trips will help you find it. Whether you want to organize conferences or high adrenaline, maybe to discover a destination through her culinary specialties, wine, and cultural routes, our diverse assortment of thematic itineraries covers all your desires.

## MEETINGS & EVENTS

Our dedicated team will meet all the needs of your company. No matter is it a corporate event, a presentation of new products, an annual meeting, an incentive trip, a specially created business event.

## FESTIVALS

Many festivals, cultural, traditional, and sports events are organized in Niš throughout the year, many of which have an international character: Nišville Jazz Festival, Film Acting Festival, International choir festivities, International classical music festival NIMUS, Naissus Wine & Fine, Protectors of the Fortress knight festival, Days of Burek, European and world paragliding championships, Suva Trail a skyrunning marathon...

## CULTURAL HERITAGE

Tradition says that the Celts lived in this area as early as the 3rd century BC. Inspired by the pagan belief in river fairies, the Celts named the river „Fairy River“ (Naisa), and their city „Fairy City“ (Navissos). Niš was a cultural, economic and military seat and birthplace of the Roman emperor Constantine the Great. The Roman, Byzantine and Ottoman empires, the First and Second World Wars, left an indelible mark on the culture and tradition of today's Niš. And on the basis of archeological excavations, it can be concluded that the territory on which the city of Niš is located today has been inhabited by human communities since the Middle Paleolithic period.

## WINE & GASTRO ROUTES

The growing interest that companies have to participate in traditional activities in the countryside and nature guided us to make creative incentive programs. Based on the geolocation and cultural-historical heritage, wine routes of southern Serbia follow up on the European cultural route "Roman Emperors Route and the Danube Wine Route" and thus connect magnificent archeological sites from the Roman period, wineries, fortresses, museums, cultural heritage, and authentic gastronomic sense of the South and East Serbia.

## ADVENTURES

Experience Niš in a unique way through motivational trips where guides will allow you to focus on details and the story of the sites. We know that business travel is a part of life, so thematic trips of different styles, which Niš has in its offer, achieve a perfect balance between planned and spontaneous. Adventure experiences, enjoying nature and traditional dishes, wine, and brandy tasting in southern Serbia, will activate all five senses and memories to remember for a lifetime.

THE BEST IS ALWAYS LEFT FOR THE LAST

# MAKING A LASTING IMPRESSION

The best way to create a lasting impression is by being your authentic self. Doing this will make you feel more confident, help you build trust, earning the respect of others and the integrity of the people you meet. That is why every stage show ends with a grand finale. The last impression is what people take home.

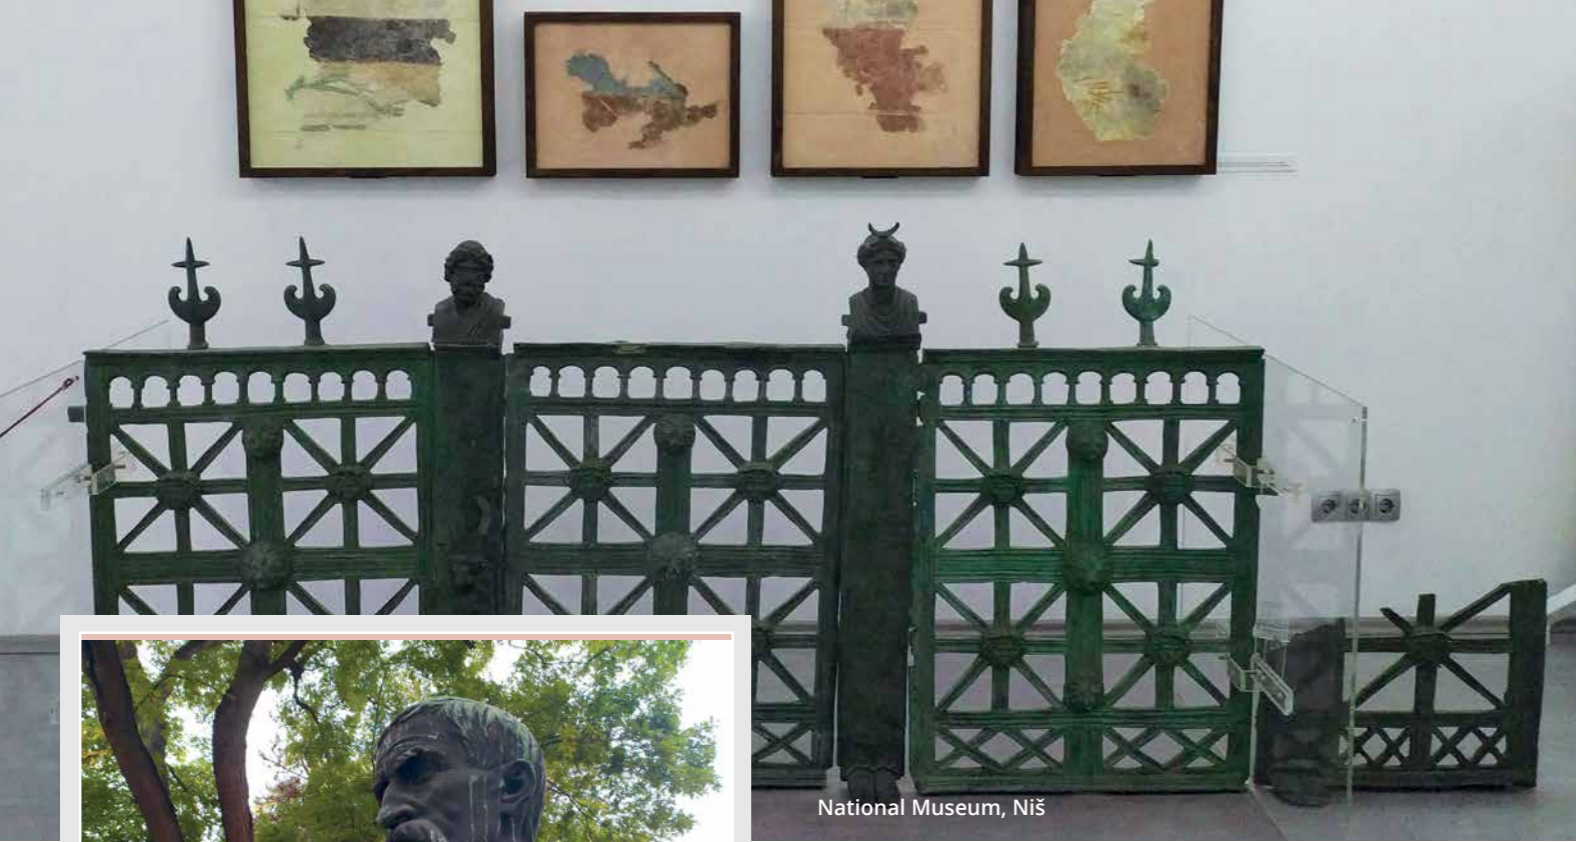

## Why are hybrid events becoming the future? Why has hybrid conferencing become so popular?

Hybrid events are convenient for everyone involved. Today, many people have busy schedules and have no time to travel to an event and commute back, or have not been able to attend due to health concerns or travel constraints. With flexible online options, a lot easier is for people to attend an online event. A hybrid event allows people to participate from wherever they choose. In-person provides attendees with the opportunity to make a tangible connection, but the flexibility of remote attendance makes an event more inclusive.

Even if you have never hosted a hybrid event before, don't let that stop you from trying. With our partner company **Bleisure DMC** we can plan, design, organize, facilitate and deliver an exceptional experience to your live and online event attendees.
